Md Shahadat Hossain

Address: Nikunja-2, khilkhet, Dhaka-1229
Mobile: 01620925191
E-mail: shahadathossain1563@gmail.com
Portfolio : shahadat-hossain-shanto.netlify.app

Career Objective:

Looking for a challenging role in a dynamic organization where I can use my skills in Laravel development, frontend design, and database management to create reliable and innovative web applications. I want to contribute to the team's success while learning more about software development, business intelligence, and quality assurance, helping deliver great results and grow personally.

Key Personal Strength

- Willing to accept responsibility and perform accordingly.
- Analytical ability.
- Ability to manage time and being flexible.
- Ability to work in group and maintain effective communication & self-motivated.

Current Education

Bachelor of Science (B.Sc.) in Computer Science & Engineering
Southeast University, Dhaka
Graduated: 2024
CGPA: 3.77

Technical Skills / Tools

Languages	C, Java, PHP, Python, JavaScript
Front-end	HTML, CSS, JavaScript, Bootstrap, JQuery
Back-end	Laravel, PHP, RESTful APIs, JSON
Database	MySQL, MongoDB, PostgreSQL
Version Control & Collaboration	GitHub, Bitbucket
Server & Deployment	Apache, cPanel, Linux/Ubuntu, VPS
Caching & Queues	Redis, Laravel Queues
Others	AJAX, JQuery, Datatables, Third-party API & Payment Gateway Integration

Notable Development Works

Adriyan Real Estate Underwriting & Consultancy

- Designed and developed the company's landing / portfolio website and admin dashboard to showcase services, enable appointments and contacts and sending Excel templates via mailing system, and facilitate the sale of Excel templates.
- Tools & Technologies: PHP Laravel, HTML, CSS, Bootstrap, MySQL, JavaScript, jQuery.
  Repository: https://github.com/Shahadat-Hossain-Shanto/adriyan
  Live link: https://adriyancre.com

Digital Signage

- Digital Signage system that allows businesses to manage and display dynamic content (ads, notices, videos, and images) across multiple screens in real-time. Designed with Laravel, MySQL, HTML, CSS, Bootstrap, and JavaScript, the system supported user-friendly content scheduling, playlist management, and centralized control for seamless media delivery.
- Tools & Technologies: PHP Laravel, HTML, CSS, Bootstrap, MySQL, JavaScript.
  Repository: https://github.com/Shahadat-Hossain-Shanto/Digital-Signage
  Live link: https://digitalsignage.bikroyik.com

EMI locker for Walton

- Developed a system to automatically lock devices with overdue EMI payments and unlock them once payment is received, while keeping track of all devices.
- Tools & Technologies: PHP Laravel, RESTful APIs, Firebase, HTML, CSS, Bootstrap, MySQL, JavaScript, jQuery.
  Can not share codes as company policy.
  Live link: https://emimanager.waltonbd.com

Payprotect EMI Locker for SSL Wireless

- Developed a system to automatically lock devices with overdue EMI payments and unlock them once payment is received, while keeping track of all devices with location. Online payment system.
- Tools & Technologies: PHP Laravel, RESTful APIs, Firebase, HTML, CSS, Bootstrap, MySQL, JavaScript, jQuery.
  Can not share codes as company policy.

Dhaka College HSC Batch 96 President and Secretary Voting

- Developed an online voting system to facilitate secure and efficient elections for batch president and secretary. Implemented OTP verification via SMS and email to ensure secure voter authentication.
- Tools & Technologies: PHP Laravel, HTML, CSS, Bootstrap, MySQL, JavaScript, jQuery.
  Repository: https://github.com/Shahadat-Hossain-Shanto/voting_dc

Raeno Technology ERP

- Developed a custom ERP system for Raeno, a new Chinese company, to manage and track device sales across all levels including RSM, ASM, TSM, Distributor, and Retailer. Implemented real-time sales tracking, inventory management, and requisition/delivery processing. Ongoing work.
- Tools & Technologies: PHP Laravel, HTML, CSS, Bootstrap, MySQL, JavaScript, jQuery.
  Repository: https://github.com/Shahadat-Hossain-Shanto/Raeno-Technology-ERP

Bikroyik Eshop

- Developed a cloud-based Point of Sale (POS) system tailored for small and medium businesses, enabling efficient sales transactions, inventory management, and customer relationship management. The system provides real-time sales tracking, expense monitoring, and detailed reporting.
- Tools & Technologies: PHP Laravel, HTML, CSS, Bootstrap, MySQL, JavaScript, jQuery.
  Repository: https://github.com/Shahadat-Hossain-Shanto/pos-eshop
  Live link: https://eshop.bikroyik.com

Vehicle Rental System

- Developed a vehicle rental management system for distributors to rent vehicles to drivers, track fuel usage, driver salaries, and rental history.
- Tools & Technologies: PHP Laravel, HTML, CSS, Bootstrap, MySQL, JavaScript.
  Repository: https://github.com/Shahadat-Hossain-Shanto/vehicle_rental_system

Breast Cancer Prediction with six algorithms (Research):

- Tools & Technologies: Python, WDBC data set, Excel, Google colab

Professional Experiences

Jr Laravel Developer

Softvence Agency (Delta), Banasree, Dhaka *December 2025 – Present*

- Design and develop scalable applications using Laravel, MySQL, and PostgreSQL with structured architecture.
- Lead small modules and support task coordination to ensure timely delivery.
- Communicate with international clients via Fiverr, managing requirements and feedback.
- Optimize application performance through efficient query handling and code improvements.
- Contribute to full-stack development, ensuring smooth frontend-backend integration.

Software Engineer (Laravel)

Inovex Idea Solution Limited, Middle-Badda, Dhaka *January 2025 – November 30*

- Developing and maintaining scalable web applications using Laravel, MySQL, JavaScript, AJAX, jQuery, HTML, CSS, and Bootstrap.
- Collaborating with teams to deliver efficient, user-friendly solutions.
- Implementing database structures, optimizing queries, and ensuring application performance.
- Contributing to full-stack development, from frontend UI to backend logic and deployment.

Software Engineer Internship (Laravel)

Inovex Idea Solution Limited, Middle-Badda, Dhaka *July 2024 - December 2024*

- Contributed to developing multiple web applications using Laravel, MySQL, HTML, CSS, Bootstrap, JavaScript, AJAX, and jQuery, collaborating with a team to build responsive, user-friendly interfaces. Gained hands-on experience in full-stack development, database management, and debugging.
